

PQA 23
ANNUAL MEETING

May 10-12, 2023

OMNI NASHVILLE HOTEL | NASHVILLE, TN

Welcome to the 2023 PQA Annual Meeting!

I am excited to be here at our annual PQA meeting, where our industry experts gather with one common goal: Improving medication use quality.

As we head into the end of the COVID Public Health Emergency, the current and projected quality landscape looks far different than it did before the pandemic. We're in a new era of serving patients. From innovations in patient care, to advancements in technology, and a keen focus on social determinants of health, we've seen positive developments despite tremendous adversity.

The collaboration you see at PQA is unique. It's not pharmacy talking to pharmacy or payers talking to payers. It is everyone with a role in the medication-use process working together. For each of us this week, this is our opportunity to build relationships, grow business and advance quality for patients.

From myself, the PQA Board of Directors and staff, we are ecstatic to have you with us in Nashville!

Michael Taday
Senior Vice President, Service Operations
Aetna, A CVS Health Company
